

April 19th & 20th, 2008

Show Manager's Message:

Welcome to our Kitties In Bloom cat show. We hope that your weekend is both successful and enjoyable weekend. Thank you for coming and ensuring that our show continues to be a success in Calgary as part of the TICA NW region.

Many thanks to our vendors whose presence adds immensely to the show experience and provides visitors to our show with a unique shopping experience. Our advertisers too have been very loyal in providing support for our show over the years. Please take time to check them out and say thank you by your patronage.

We would like to thank club members, family and friends for their incredible behind the scenes efforts over the past few months. Special thanks go to our long-time club members who have been invaluable in ensuring this show's success in the past few weeks helping to ensure the continued viability of the club and the hosting of future shows in Calgary. We couldn't have done it without you.

Successful shows are more than just a competition. They are also meant to be fun and are a gathering of friends who share the same passion for cats. We need to build on this camaraderie to ensure the success of TICA shows in the future. Please take the time to chat with someone new. Each of you is instrumental in ensuring that every exhibitor has a great weekend!!
